

# Why not starting your own business?

You are creative but without a plan?

The Informatics Innovation Center (i<sup>2</sup>c) supports students who (might) aim for being their own boss!

## Call for Applications

### Diploma Supplement on Innovation

The **diploma supplement on innovation** is offered to bachelor's & master's students of the Faculty of Informatics.

The curriculum, always starting in the summer term, comprises 30 ECTS.

Duration: 3 terms

#### What we target:

- generating & shaping your startup idea (business plan, marketing, legal issues...)
- implementing the prototype
- perfection of your pitching skills for investment & sales (*no money no honey*)

#### What you get:

- access to our international network
- hands-on education, imparted by inter-/national ICT pioneers
- an intense coaching & mentoring support
- access to potential investors

**Next Information Event:**  
**November 5, 2014, 5 p.m.,**  
Seminarraum Zemanek.
